

Class  
of 2021

# ELYSE MCBRIDE

Bachelors in Psychology  
&  
Minor in Sociology

The decision to go back to school and the work it took to finish my degree was not easy. However, it was all worth it. These past couple years have been challenging, rewarding, and overall lifechanging.

I will never forget the relationships I have formed at KU and the support I have received along the way. I am eternally grateful for this step and the opportunity to pursue my dreams. Now on to graduate school!

# THANK YOU!
